ACHIEVEMENT

WORKED WITH A DATA SET WHICH HAD AN AMOUNT OF 97 THOUSANDS DATA AND SUCCESSFULLY FINISHED THE PROJECT WITH A VERY GOOD RESULT.. THAT WAS THE BIGGEST PROJECT I HAVE EVER DONE. MY AUTHORITY PRIZED ME WITH 3000 BDT

Work Experience

Data Scientist

IT CYBERTRONICS, a global company that provides software services across various industries

I Currently work here.

I recently work here as a Data Scientist. My responsibilities is to visualize the datasets and making dashboards of those sets and inform my product manager with the graph reports.

Business Analyst

ICT Solutions

August 2021 to Dec 2021 (5 months)

I was a junior Data Analyst there for 5 months and there I was served to visualize the business data to get better insights so that the organization take the best step for future.
